FATAL EXPLOSION OF POWDER MAGAZINE

Destruction of Life and Property at Canton, China.

BUILDINGS ARE THROWN DOWN

Twenty-One Bodies Have Been Recovered and There Are Probably More Fatalities—Foreign Residents Were Unharmed.

Hong Kong, May 4.—Very great destruction of life and property was caused at Canton Thursday evening by the explosion of a gunpowder magazine.

Twenty-one bodies were recovered from the ruins. Hundreds of persons were injured.

Fifteen buildings were razed to the ground, and over a hundred were seriously wrecked.

A section, two hundred feet long, from the massive city wall, was precipitated. The historical, many-storied pagoda escaped with slight injuries. The officials and staffs of the hospitals are doing their best to succor the sufferers.

In the Shamien suburb, where the foreigners live, a terrific shock was caused by the explosion, but the residents were unharmed.

The city of Canton is about 6 miles in circumference, and enclosed by walls about 20 feet thick, and from 26 to 40 feet high. There are 16 gates into the city, besides two water gates.

The famous nine-story pagoda, dating from the beginning of the middle ages, is situated in the western part of what is known as the old city.

The foreigners reside in the Shamien suburb, founded in 1859, on an artificial island on the Honan side of the river.

The population of Canton is estimated at about 900,000.

GUILTY OF MANSLAUGHTER.

Jury's Verdict in the Case of "Baroness" de Massey.

New York, May 4.—"Baroness" Anisia Louise de Massey, the pattern designer, tried for the killing of Gustave Simon, a shirtwaist manufacturer, was convicted of manslaughter in the first degree with a recommendation for mercy.

The jury, to which the case was given at 3 o'clock Thursday afternoon, returned a verdict a few minutes before midnight, and the prisoner was remanded to the Tombs until May 9, for sentence.

Gustav Simon, a wealthy shirtwaist manufacturer, was shot in his office on Nov. 19, and died a few hours afterwards. Mme. de Massey, known as "Baroness" de Massey, was employed by Simon as a shirtwaist designer and was arrested while leaving the building in which Simon's office was located, a few minutes after the shooting. She acknowledged she had had a disagreement with Simon over a question of wages, and had left the manufacturer's office a few minutes before her arrest, but has consistently maintained throughout her trial that she had nothing to do with the shooting.

Cut Out Tongue with Scissors.

Milan, May 4.—Archangel Rossi, the tenor, who was with the Conreid Opera company in San Francisco during the earthquake and who, as a result of the fright he experienced, has not since been well, endeavored to commit suicide here Thursday. Recently he lost his voice. This calamity weighed so deeply on his mind that he went crazy, and Friday he cut out his tongue with a pair of scissors. He was taken to a hospital in a critical condition.

Casket Made of Doubloons.

Madrid, May 4.—A silver casket, a beautiful work of art, made from a thousand doubloons, is the historical present which the province of Asturias will make to the heir to the Spanish throne. It is now ready.

WAR CLOUD HANGS LOW.

Relations Between Mexico and Guatemala Greatly Strained.

Washington, May 4.—The strained relations between Mexico and Gautemala arising from the failure of the latter to surrender under extradition proceedings for trial in Mexico General Lima, charged with complicity in the assassination of President Barrillas, is a matter of serious concern to the officials here. They are sincerely desirous of the maintenance or peace in all of the three American republics, pending the meeting and conclusion of the second Hague conference, otherwise the presentation of certain subjects to the conference by the United States would lose much of its force.

With this in view, the state department has gone to unusual lengths in its efforts to terminate the war between Nicaragua and Honduras, and prevent its spread to other Central American countries, and also to guard against further troubles in the future by providing for a permanent peace commission to meet in Nicaragua. The details of this last arrangement particularly as to time and place are expected to be disclosed in the treaty of Amapala when the text of that recently negotiated convention reaches Washington.

Hence, the officials view with apprehension the increasing friction between Mexico and Guatemala, and there are frequent conferences at the state department, the last being on Thursday, between Secretary Root, Assistant Secretary Bacon, and Ambassador Creel, of Mexico, in the pursuit of a common purpose to avoid a fresh outbreak of war.

ROAD TO BE EXTENDED.

North Carolina Valley Railway Will Lengthen Its Line.

Baltimore, May 4.—The statement is made that the North Carolina Valley Railway, now in operation between Thomasville and Denton, N. C., a distance of 24 miles, is to be extended both north and south, so as to form a connecting link between Winston-Salem and Wadesboro.

It is stated that the work is under way at three points along the line from Thomasville to High Point, from High Point to Winston-Salem, and from Denton towards Rockingham and Wadesboro, and that contract for the entire work will be let within a few days. A line to be built between Thomasville and High Point to Winston-Salem and Greensboro, is to be an electric trolley line. This portion of the road will be 48 miles in length. The entire line will be 111 miles long.

Captain Macklin Wins Acquittal.

San Antonio, Tex., May 4.—The courtmartial which has been trying Captain Edgar Macklin, of the Twenty-fifth infantry, in connection with the "shooting up" of Brownsville, went into secret session at noon on Thursday, and, after sitting one hour, returned a verdict of not guilty for the accused. The verdict was not made public at once, but first went to Colonel R. W. Hoyt, the reviewing authority, who later gave out the decision of the court. The accused was found not guilty on all charges and specifications, and the verdict read: "Acquitted fully and honorably."

High Price for Convicts.

Montgomery, Ala., May 4.—The making of a contract for 175 convicts at $45.25 each per month, which has been closed by the state, sets a new pace in the matter of service on the part of the wards of the commonwealth, while it serves to indicate the great demand for reliable labor on the part of the industries of the section. The contract was with the Henderson-Boyd Lumber company, at Richburg. There was one other bid of exactly the same amount, but for 100 men instead of 175.

Fire Destroys Durham Hotel.

Durham, N. C., May 4.—Thursday night a fire destroyed the hotel Carolina, a four-story frame structure, located in the center of the city, entailing a loss of $175,000, fully insured. There were fifty or seventy-five guests all of whom escaped without injury.

MINISTER MAY FACE ABDUCTION CHARGE

Sensation Created by Rev. Jere Cook at Hempstead, L. I.

ELOPED WITH GIRL OF EIGHTEEN

Police and Private Detectives Searching for the Couple, Who Are Supposed To Be Hiding, Awaiting a Chance to Leave Country.

New York, May 4.—Every effort will be made to locate Jere K. Cooke, late rector of the St. George Episcopal church at Hempstead, L. I., who eloped with Floretta Whaley on Tuesday, although married and who was unfrocked at his own request by the letter to Bishop Burgess, of the diocese of Long Island. As Miss Whaley is under 18 years of age, a charge of abduction may be brought against the clergyman.

It is believed that they are in hiding somewhere in the city until the search for them has ceased, and they will then leave the country. It is announced that the police and private detectives here and in other places are looking for them, the private detectives being employed by August Belmont, senior warden of the church, which is one of the wealthiest on Long Island.

A picture of the girl and two letters she wrote were turned over to Mr. Belmont, and then by him given to the detectives in the hope of tracing the couple. District Attorney Franklin B. Coles, of Nassau county, is quoted as saying that he will do his utmost to bring Cooke back to that county to have him punished. He was asked by Mrs. Henry Wood, of Far Rockaway, an aunt of Miss Whaley, to give the matter of Cooke's apprehension his own personal attention. Mrs. Wood is well-to-do and she says she will spare no expense to have Cooke arrested.

Mr. Belmont is also exercised over the affair, and he had several consultations with his church wardens regarding it. Many rich New Yorkers who have places in Nassau county, worship at St. George's, as do some of Long Island's oldest families.

It is recalled by many of the parishioners of that church, which has proved to be his last as a minister, both of Cooke's sermons wer eof a sort of valedictorian kind, showing that he had made up his mind to quit the parish.

When the roll was called in Miss Whaley's class in the High school on Thursday, and she did not reply to her name, several of her schoolmates became hysterical. The teacher was obliged to strive during the entire session of the class to kep the girl's mind off the elopement. Miss Whaley was very popular with her teachers and her schoolmates.

NEW LINE PLANNED.

Rock Island to Shorten Distance Between Chicago and Mobile.

New York, May 4.—It is announced that preparations are being made by the Rock Island to build a line that will give the road the shortest route from Chicago to Mobile, and eventually from Chicago to New Orleans.

The line in question is to connect the Chicago and Eastern Illinois, one of the subsidiaries of the Rock Island, with the Mobile, Jackson and Kansas City. The Eastern Illinois has the southern terminus at Evansville, and another at Joppa, Ill., further to the southwest. The line will probably be built from Evansville through Joppa to Jackson, Tenn., the northern terminus of the Mobile. This will not necessitate the construction of more than 275 miles of road.

Entire Family Asphyxiated.

New York, May 4.—William Cross, his wife and their two sons were found dead from inhaling illuminating gas in their house in Jersey City Friday. Gas was pouring from the disconnected pipe in the kitchen. Cross and his wife were about 2[illegible] years of age. The boys were [illegible] and 10 years old.

A STARTLING WARNING.

Baptist Pastor Finds Coffin at Door of His Home.

Columbia, S. C., May 4.—When Rev. E. M. Lightfoot, pastor of the First Baptist church of Orangeburg, opened his front door Thursday morning a coffin with this inscription met his eyes:

"This wil be your box on June 10, 1907, so goodby to E. M. Lightfoot. P. S.—Peace to your ashes. Anon."

Mr. Lightfoot came to South Carolina from Pennsylvania about seven years ago. He is regarded as one of the leading Baptist ministers of the state. His firm stand for law and order and denunciation of crime has gained for him enemies among a certain class, and it is believed that the incident is the result of this. The affair created a genuine sensation in Orangeburg.

A largely attended mass meeting was held Thursday evening, at which the affair was denounced and resolutions of confidence in Mr. Lightfoot were adopted. A committee of prominent citizens was appointed to investigate the affair. City council will offer a reward for the perpetrators.

Too Realistic Was School Play.

Washington, Ga., May 4.—A peculiar accident which happened on Thursday night during the presentation of a play on the stage of the Independence High school at Tignall came near terminating tragically the commencement exercises of that institution. Young Clyde Haynie, the 16-year-old son of Dr. W. L. Haynie, of this county, was representing a robber in a wild western scene, and in order to make his appearance as realistic as possible, he secured his father's dissecting knife, about 6 inches long, and placed it in his waistband, with two large pistols. In stooping over to pick up a young lady's handkerchief, the sharp bladed instrument, which was sticking point upward in his belt, was thrust into the young man's arm and severed an artery, and he came very near bleeding to death on the stage before the bleeding could be checked.

Insanity Plea Wont Work.

Augusta, Ga., May 4.—By introducing expert testimony in the trial of the Glover case Thursday, the state endeavored to prove that the defendant has been sane all of his life and is perfectly rational at the present moment. Dr. J. B. Mogan, president of the board of heatlh, and an expert on mental diseases, was asked a long hypothetical question covering every period and condition of Arthur Glover, and he replied in the affirmative, to the effect that the accused is able to distinguish right from wrong. Glover shot and killed his paramour. It is commonly believed that his plea of paranoia will not have the desired effect.

Thought Brother Was Burglar.

Savannah, Ga., May 4.—George Anostos, a Greek, 19 years old, was shot under the heart Thursday morning at 2 o'clock by his brother, Nick Anostos. Nick thought his brother was a burglar, he says, and fired twice at him, one shot taking effect. The brothers ran a prosperous fruit store on Broughton street, east. They slept in one room. George had arisen to go into the fruit store below their room. Nick awoke while George was out, heard him stirring, seized his revolver and as George ascended the stairway, fired. Nick Anostos is held awaiting the results of the wounds.

Strikes Become Epidemic.

New York, May 4.—Strikes of longshoremen along the water front of both New York and Brooklyn have become epidemic. It is estimated that nearly 3,000 men have gone out. All demand an increase of at least 5 cents an hour for day work and 10 cents more for overtime, or night work. Much shipping is held up pending a settlement of the difficulty.

More Snow in the West.

St. Joseph, Mo., May 4.—A snowstorm of blizzard propensities is raging here this (Friday) morning.

Kansas City, May 3.—There was a light fall of snow here and in northwest Missouri Friday morning, following a cold rain.

ROOSEVELT NOT TO SEEK A THIRD TERM

Decides to Set at Rest all Talk on the Subject.

WILL ISSUE A STATEMENT.

President Will Not Accept Nomination Under Any Conditions—Refers to a Former Declaration Made by Him.

Chicago, May 4.—A dispatch to the Tribune from Washington, D. C., says:

President Roosevelt has decided to set at rest all talk that he will be a candidate for the Republican nomination for the presidency next year.

It was learned Thursday on the highest authority that at the proper moment the president will issue a statement to the American people announcing that he will not accept renomination under any conditions, and calling attention to the declaration he made on the night he was elected in November, 1904, as follows:

"The wise custom which limits the president to two terms regards the substance and not the form. Under no circumstances will I be a candidate for or accept another nomination."

The advisability of a statement at the present time has been forced upon the attention of the president as the result of earnest representations made to him by intimate friends, politicians and people residing in every section of the country who want him to run again. Naturally the president feels flattered by the appeals made to him to be once more a candidate, but he is inclined to attribute these suggestions rather to approval of the policies he has initiated and enforced than to any special desire to keep him in the White House. If the Republican party can be induced to nominate a man like Secretary Root or Secretary Taft, who peculiarly are identified with the Roosevelt policies, the president believes th country will be satisfied, for it will be assured that the progressive program of this administration will not be abandoned.

MUST ANSWER GRAVE CHARGE.

Fairchild, Former Secretary of Treasury, Is Indicted.

New York, May 4.—Counsel for the defendant arranged with the district attorneys Thursday for the appearance next Monday of Charles S. Fairchild, former secretary of the treasury, who, in December last, was indicted on six counts charging forgery in the third degree. The case grew out of what came to be known as the "Prussian bond transaction" of the New York Life Insurance company.

Mr. Fairchild, then a trustee of the New York Life, was in Europe when indicted, but returned to this country six weeks ago. He will be arraigned before Justice Greenbaum, in the criminal branch of the supreme court.

The grand jury that indicted Fairchild also returned similar indictments against George W. Perkins, former vice president of the New York Life. A motion is now pending before Justice Fitzgerald for an inspection of the minutes of the grand jury in the Perkins case.

Indicted for Murder.

New York, May 4.—Salvatore Governale, who killed two policemen a short time ago, near Washington Place, has been indicted for murder, and his trial has been set for May 13. The authorities have decided to expedite this case. The tragedy caused much public indignation, and led to the crusade against the carrying of concealed weapons.

Key, of Sherman, Tex., [illegible] member of the cabinet of Bishops of the Methodist Episcopal church, south, in an interview here Friday said no effort will be made to fill the vacancies in the cabinet caused by death during the past year until the general conference.

COLLECTOR DICKINSON BUSY.

Has Been Confined at His Office to Meet Country Friends.

County Tax Collector Dickinson has been extremely busy at his office for the past few days, as many tax payers of the county have come to settle their differences with the county and State.

Collector Dickinson states that his collections have been better in the month just closed than any month of the whole time he has been in office, which is an evidence that the people are prosperous. "I am very grateful for this," he said, "because it shows that the people have money, and are willing and able to settle their taxes, which, as a rule, good and bad alike, they seem to consider their last obligation."

Mr. Goodwine Pleased.

John C. Goodwine, a prominent citizen of West Lebannon, Indiana, is visiting the city. This is his second visit to Gainesville, the first time, about thirty years ago. The town was at that time only a "wide place in the road." He had confidence, however, in the future of the city, so he invested in nine acres of "pay dirt" in what is now the northern portion of Gainesville, but at that time only pine woods.

Mr. Goodwine says he is very much astonished but pleased at the vast improvement since his first visit here. He is a life-long stockman and may decide to locate here in future on account of the magnificent climate, good water and healthfulness of the city.

Letter to J. F. Seagle.

Gainesville, Florida.

Dear Sir: A ten-year-old boy came into a store for a quart of white paint and said: "They are nice letters Devoe writes, ain't they, Mr. Knight?" In Bridgeton, Maine.

"Are they what brought you here?" asked the merchant. "Yes; ma said get a quart of white; and I've come for the least-gallons paint."

That boy will be a man before his mother. Yours truly,

THE ELKS HOME FURNITURE.

Most of It Has Arrived and Been Installed—Handsome and Modern.

The greater part of the furniture especially selected by J. K. Abrams, manager of the Gainesville Furniture Company, for the Elks Home, has arrived, and Mr. Abrams was busy during Friday and Saturday installing same.

As a whole, this is the handsomest lot of furniture ever seen here. The greatest care was exercised in its selection, and Manager Abrams and the committee are to be congratulated. The furniture is elegantly upholstered in solid leather of the highest quality, and the finish, which is of various weeds, is extremely unique. It is bound to attract the admiration of those who can appreciate that which is good.

The Elks Club is now the social attraction of the city, and many members of the order spend their evenings there, where every modern convenience is afforded.

MOVEMENT OF CABBAGES.

Several Car Loads Have Passed Through Gainesville Recently.

Judging from the movement which has passed through Gainesville during the past three or four days, the cabbage crop south must be flourishing. Several car loads have been noticed on the trains consigned to various markets in the North, which appeared very fine, and probably realized good returns.

The Delegates Return.

The delegates of both local chapters of the U. D. C. returned yesterday from Jacksonville, where they have been in attendance at the annual meeting of the Florida division of the U. D. C., and report a most delightful meeting. They are loud in their praise of the hospitable manner in which they were entertained at the hands of the ladies of Jacksonville.

Mrs. H. H. McCreary and daughter, Miss Irene, did not return with the delegation, but proceeded to Tallahassee, where they will be with Senator McCreary during the remainder of the Legislative session.

THE GRAHAM BUILDING.

This Will be One of the Handsomest and Most Modern in the State.

The Graham building, which will occupy a half block on East Main and Mechanic streets, is nearing completion.

This building, which is constructed of brick and stone, will be one of the handsomest and most modern in the State. The upper story will be used for offices, while the lower floor will be devoted to stores. The building will be a credit not only to the owners, but the city. It is understood that nearly all the rooms have been engaged in advance.

A Prominent Visitor.

Among the prominent visitors to this city Saturday was H. A. Hodges of Jacksonville, an extensive manufacturer of lumber and owner of cypress timber lands along the St. Johns river and its tributaries. Mr. Hodges is interested in these enterprises with F. J. O'Hara, who became well known through the peonage charges against him in the federal courts. The firm owns a large and modern mill at Buffalo Bluff, a few miles south of Palatka, which has been in successful operation for years.

Mr. Hodges' stay here was brief, having come on business connected with the United States land office. He expressed himself as being well pleased with what he saw of Gainesville, however, which he had previously been informed was a healthy and growing city.

Ministerial Association.

The Ministerial Association will meet at the study of the Baptist church at 10 o'clock Monday morning, at which a full attendance is desired.

RAMMELL TAX BILL HAS MET ITS FATE

Substitute Reduced Proposed Tax to Half of One Per Cent.

BROUGHT FORTH ELOQUENCE

The Bill Was Killed in Senate by a Comfortable Majority—Representative Dorman of Suwannee Wants Capital Moved to Live Oak.

The interesting feature in the Senate Friday was the debate on the Trammell substitute franchise tax bill, which was killed by a vote of 21 to 10.

The original bill proposed a tax on the gross receipts of public service corporations of 2 per cent. This substitute, which was offered by the original introducer, placed this proposed tax at half of 1 per cent.

Except from the recess for dinner, the debate lasted from 10:30 until 5 o'clock Friday evening.

Mr. Trammell spoke for three and half hours, covering his subject fully and making an eloquent address in behalf of his bill from legal and ethical standpoints.

Messrs. Hudson and Cone also spoke in behalf of the bill.

Messrs. Adams, Beard, Broome, Buckman, Harris and Humphreys spoke against it, Mr. Buckman and Mr. Harris opposing it on the principle of theory of taxation proposed, and Messrs. Beard and Humphreys on constitutional grounds.

Mr. West of the First, presided during the major portion of the debate, President Harris occupying a seat as a private member.

The vote on final passage was:

Yeas: Cone, Cotrell, Crews, Jackson, Leggett, Massey, Neel, Trammell, West of Fourth, Zim—10.

Nays: Mr. President, Adams, Alfred, Baker, Beard, Broome, Buckman, Hill, Clarke, Crane, Davis, Henderson, McCreary, Sams Willis, Watson, West of First—17.

The Senate went into executive session, sustaining Gov. Broward in removing J. M. Andrews, chairman of the Escambia county board of county commissioners, charged with grave offenses.

The principal events in the House were the passage of the Long bill to prevent public lands being assessed unknown and sold for taxes and the Pinellas county bill, which carried on its third reading by a vote of 28 to 11, without debate, and was immediately certified to the Senate.

This afternoon the House considered on second reading the bill by Mr. Burke of Jefferson, against fraudulent labor contracts, putting the burden of proof on the defendant to show good faith where contract is not fulfilled.

Mr. Reese made a fight against the bill, declaring it opened the doors to peonage, but his motion to postpone the bill was lost by a large majority.

Mr. Dorman in the House introduced a constitutional amendment to remove the State capital to Live Oak.

The House committee on appropriations decided in the evening to report Friday the bill appropriating $5,000 annually for the Florida State fair winter fair at Tampa, for two years, not a single member of the committee being opposed to the bill, which was favorably reported by the Senate committee.

In the Senate Mr. Zim's resolution endorsing William Jennings Bryan for President was adopted by a vote of 17 to 9.

After the introduction of two new bills, the Senate adjourned until Monday afternoon at 3:30 o'clock.

DOINGS IN THE HOUSE.

The House was called to order at 10 a. m. and after prayer by Rev. J. P. Hoyt, pastor of the Congregational church, St. Petersburg, an invitation was read from the Ladies' Town Improvement Association, requesting the members to attend their May festival in the afternoon.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapaciated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by all druggists.

STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

FRANK RIVERS IS NOT GUILTY

That Was the Verdict of the Coroner's Jury at Kanapaha.

WOMAN DIED OF APOPLEXY

She Had Made Signs to Indicate that Her Husband Had Choked and Beat Her, but Examination by Physician Showed No Signs of Violence.

Frank Rivers is not guilty of the murder of his wife, Rose Rivers, as has been charged by the brother of the woman in a warrant sworn out at his instigation a few days ago.

This warrant was sworn out on an affidavit charging Rivers with assault with intent to murder several days ago, was duly served, Rivers was arrested and placed in jail, where he remains at present.

A few days ago Rose Rivers, wife of the man who had been accused, was found unconscious at her home, a modest little hut, near Jonesville. Rivers, who is an employe of T. J. Swearingen, the naval stores operator at Kanapaha, has always enjoyed the reputation as being a peaceable, law-abiding man, and no one had ever heard of any quarrels he had with his wife. When the woman was found unconscious, however, friends nursed her back to a state of consciousness, and although she could not speak, by signs it is said that she intimated that her husband had choked her and beat her over the head, inflicting the injury with which she was suffering.

The woman's brother came to the city and had a warrant sworn out for Rivers upon a charge of assault with intent to murder. He was arrested, and is now in jail.

The woman died during Wednesday night, and Thursday a jury was empanelled comprising George Smith, foreman; T. H. Willis, A. C. Stevenson, G. W. Geohagan, W. F. Gay and T. T. Richardson, who conducted the case under direction of Justice G. M. Colman, coroner ex-officio. A complete examination was made by Dr. J. M. Dell of this city. He stated that there were no signs of violence, and that the woman came to her death from all appearances by appoplexy.

Several witnesses were examined. None of them stated that Rivers was a bad man, but all testimony was really in his favor, being to the effect that he had always treated his wife with that tender devotion which a woman should have.

It appears that just prior to the woman's death parties gathered around the bedside and endeavored to induce her to speak, which she was unable to do. However, when questions were asked her she would make signs which indicated that she had been choked and beaten by her husband, and upon this fact Rivers was arrested. Those who know him feel sure that he is innocent, and the coroner's jury was evidenty of the same opinion, as the man accused was exonerated.

Rivers is still in jail, but will probably be released in a day or two.

Death of Mrs. J. S. Steward.

On May 1st the remains of Mrs. J. S. Steward were brought to Archer for enterment by the side of her husband, who preceded her three years and four months. She died at the home of her son, near Dutton, having succumbed to a stroke of paralysis after a sickness of ten days. During her last days she received the tender care of her children and nearest friends, who were all at her bedside, leaving nothing undone that loving hands could do for her comfort. She was possessed of a strong Christian character, which was manifested in her devotion to the Master, her kindness to friends and neighbors, and her untiring efforts and prayers to bring others to Christ.

The funeral was largely attended by sympathizing friends, who brought many beautiful flowers in token of their affection and esteem. Services were conducted by the Rev. J. W. Waddell, pastor of the Presbyterian church at Archer, where she had been a member for many years.

Mrs. Steward was born in Laporte, Ind., Jan. 5, 1840, died April 30, 1907; was married to J. S. Steward October 22, 1861, at Niles, Mich. Came to Florida on January 1st, 1879. Mother of four children. She is survived by her son, G. J. Steward, two daughters, Mrs. A. R. Wilson, Fort Pierce; Mrs. Harry Wilson of Titusville, and two grandchildren. Salina Adelia Steward died in her infancy.

May God comfort those who mourn for the one who has so unexpectedly been called away. A FRIEND.

AN ENJOYABLE EVENING.

Mr. and Mrs. M. A. Bennett Entertained Their Young Friends.

A merry crowd of young people gathered at the home of Mr. and Mrs. M. A. Bennett, North Gainesville, on Friday evening, numbering eleven couples as follows: Misses Nellie and Lucy Orr, Lena Colclough, Maggie Williams, Gladys George, Maude Lewis, Minnie Shawl, Edith Shawl, Lera Bennett Evaline Powell, Lena Hunter and Susie Fisher, and Wylie Taylor, Ralph McRae, Glen Roth, Lawrence Jackson, Giles Means, Chas. Fisher, Mr. Kime, R. D. Algee, L. C. Algee, Corr Bennett, John Bennett.

The lawn was attractively illuminated with Japanese lanterns. The color scheme for the house decorations was red, white and blue, tastefully carried out by artistic hands, while the mellow light from under the red lamp shades cast a halo over all that was indeed enchanting.

Music was interspersed during the entire evening by the kindly accommodating young ladies, Miss Lena Hunter and Miss Lena Colclough. Some rich coon songs were rendered by Lawrence Jackson, accompanied by Miss Lera Bennett on the piano.

An unique way of coupling the young people for the purpose of repairing to the dining-room was a neat little card, on one corner of which was tied a dainty bow of red, white and blue ribbon with two lines of some familiar verse written on one side. Another card containing the remaining two lines of that identical verse was given to some girl, and it was real amusing to watch the boys seeking their mates for the evening in this way, as of course when the verse was completed the two formed a "couplet."

The dining-room was soon the scene of attraction, where the young couples partook of a well prepared chicken pillau and other refreshments. They departed at a late hour, after voting Mr. and Mrs. Bennett among the most pleasing of entertainers.

CLEAN MACHINERY.

Every man who knows anything about it will say that machinery must be kept clean if the best work is expected from it. Exactly the same is true of the machinery of the body, which can do its work properly only when kept clear of clogging accumulation. The bodily machinery of the human being is clogged when there is constipation and this can be permanently cured and prevented from becoming chronic only by restoring the strength of weakened muscles. Experienced medical men find that this can best be done by the use, until there is free movement of the bowls, of teaspoonful doses, at bedtime and before each meal, of a preparation of ½ oz. Fluid Extract of Senna, ½ oz. Rochelle Salts, 1 oz. Aro-Sagrado, 30 grains Bi-Carbonate of Soda, ½ oz. water and 1½ ozs. Glycerine. The ingredients are all entirely harmless and any good druggist can prepare the medicine.

Anti-Dispensary Fight Probable.

Leesburg, Ga., May 4.—Rev. Dr. Solomon was here Thursday night and spoke in the interest of the Anti-Saloon League. At the of the lecture a rising vote was taken, and judging by the numbers that rose, the town has a majority for the suppression of the dispensary. What move will be taken toward getting rid of the same remains to be seen.

Quick Action by Jury.

Ashburn, Ga., May 4.—Judge W. N. Spence convened Terrell county superior court here Thursday for the purpose of trying Robert Henderson, alias Will Ford, who murdered and robbed G. W. May, in this county, March last. The jury returned a verdict of guilty in 18 minutes, and Ford was sentenced to be hanged on May 23.

During the month of June it is planned to hold a Jamestown college championship meet, open to the colleges of the world. Assurances have already been received from several colleges that they will be represented, including the University of Michigan, Princeton, Georgetown, Virginia, Polytechnic Institute and Tuane University. One week is to be set aside for a military athletic carnival, and it is the intention of the authorities to have co-operate with them the Military Athletic League.

Some time ago The Sun called attention to the fact that the logging teams, which are hauling logs daily through the streets of Gainesville, have been at that practice for several months, were violating the law of the municipality, and suggested that a stop should be put to same, but no attention apparently was paid to the warning. There is a law which says that no log team shall traverse the streets of the city with a tow, in substance. The tow, which means in substance the timber, turns up and makes a complete wreck of some of the pavement which is put down by the city and tax-payers at great expense, and it is not right and proper that log carts, with immense timbers, be permitted to use the public thoroughfares as matters of convenience, for it leaves the streets in such condition that it would be impossible to keep same in repair. The street committee should keep their eyes on North and South Arredondo street, which has been used as a public passageway for log carts for the past year. The residents who occupy and own nice homes on this street will testify to this statement.

BRYAN THE NEXT DEMOCRATIC NOMINEE.

It is taken as almost an assured fact in political circles in Washington that Wm. J. Bryan will be the next Democratic nominee for the Presidency. Of course Washington between sessions is not the best place in the world to gain political impressions aside from the party in power. But that seems to be the way opinion is now pointing. Mr. Bryan's last statement as to his attitude toward Government control of railroads was a very popular one, largely because it put him closely in line with President Roosevelt, who is looked upon as the greatest exponent of corporation curbing. So if Mr. Bryan is the nominee, the lines of distinction between the parties to far as their attitude toward corporations is concerned will be very slight indeed.

There is another story going the rounds, so remarkable that it can be given only under the caption of "important if true." It is that the attitude of the Administration toward Mr. Bryan has changed mightily, and that he is looked upon by the administration as the next best thing to a Roosevelt Republican, for it must be understood that Republicans these days are chiefly divided into Roosevelt and anti-Roosevelt factions. The rumor goes that Mr. Bryan is being held in reserve as a last card, and that if the choice of the President for the nomination is beaten and a confessed corporation man is nominated, that the influence of the President will be thrown toward Mr. Bryan, not obtrusively, but at the same time effectively, as he will be considered the lesser of two evils. Additional reason is assigned for this report from the fact that it is not believed that Mr. Roosevelt will take the nomination again under any circumstances and he thinks that the chances for his winning if nominated in 1912 would be greater against a Democrat than against a Republican. This is a rather sensational story for anybody to swallow. But the hot weather is coming on when we will have all sorts of rumors, and we might just as well get in on the ground floor and take the liveliest ones while they are hot.

"The Boosters" is the name of an organization at Eustis, according to The Live Oak Democrat, and is the first organization of the kind to be formed in the State. Every man in Forida ought to be a "booster," and it is not necessary to belong to a "Booster" organization, either, to be one. If you do your duty as a citizen to your county, city or State, you are a "booster." However, in organization there is strength, and better facilities offered for accomplishing the objects of the "Booster," which are as follows: To induce all good citizens to come and visit or reside in your town; to extend to all visitors or newcomers hospitality and such favors as will induce them to remain longer and also to become enthusiasts as we are; to act in harmony with officers of neighboring transportation lines, so far as to better protect traveling facilities; to maintain, when possible, an information bureau which may be of general service to all visitors; to tell on every opportunity, all the things, and whenever you run across a knocker, just give him A GOOD BIG KICK WELL PLACED.—Tropical Sun.

Railroad Must Reduce Rates.

Atlanta, May 4.—The Georgia Southern and Florida railroad was classified by the railroad commission Thursday so as to reduce about 10 per cent of the charges which it is allowed to make on local freight rates. The Georgia Southern and Florida is now in class C, but by the commission's action is, in effect, transferred to class B. The railroads in class C are allowed to charge 26 per cent in addition to the rates laid down in the standard tariff, while those in class B are permitted to charge only 15 per cent additional.

Fatal Train Wreck in Mississippi.

New Orleans, May 4.—A dispatch to the Daily States from Hattiesburg, Miss., says that in a wreck of a freight train Thursday night on the Mississippi Central railroad, 30 miles west of Hattiesburg, Fireman Peter Hudson, of Saucier, Miss., was killed, and Engineer F. Messe, of Hattiesburg, probably fatally injured. The tender of the engine jumped the track and ran into a switch, piling up the engine and several box cars in a mass of wreckage.

Killed by Train at Columbus.

Columbus, Ga., May 4.—As he was crossing a railroad track on Seventeenth street early Thursday night, under the glare of an electric light, Charles Foster, a white man, was struck by a freight car and killed. The car was standing in the street and a train of cars was pushed against it with considerable force by a Central of Georgia switch engine. The car bounded some 20 feet when struck, knocking Foster to the ground and shoving him along the track.

ANTI-EUROPEAN RIOTS.

Serious Trouble Taking Place in the Punjab District.

Allahabad, British India, May 4.—Serious anti-European riots have occurred at Raualpindi, Punjab.

A Hindo mob burned two bungalows, pillaged the mission church, looted the postoffice, burned a garage, and all the motor cars in it destroyed, the plant of a power house and smashed windows of the residences of many Europeans.

Armed posses eventually obtained the upper hand and subdued the rioters. The town is now patrolled by a squadron of the Tenth Hussars.

The outbreak at Rawalpindi is attributed to the incendiary influence of well-known agitators, who have been making speeches throughout the Punjab and who also are held responsible for the recent outbreak at Lahore.

Rawalpindi is a fortified town of the Punjab, capital of the Rawalpindi division and district and has a population of about 90,000. The Rawalpindi division has about 5,500,000 inhabitants. There was considerable excitement at Lahore about the middle of Feruary following the conviction of the proprietor and editor of a native newspaper who were accused of stirring up hatred against the government and the British community. A story was printed in the paper to the effect that an English officer shot a Mahommedan policeman for refusing to carry the carcass of a dead boar which the officer had speared. The government prosecutor showed the story was fictitious and that the policeman was killed by being thrown from a horse.

The prisoners pleaded that they had published an unverified rumor in good faith, but the court sentenced the proprietor to two years in prison and a fine, and the editor was condemned to six months' imprisonment and also fined. After the sentences had been imposed, a crowd of Hindoos paraded the streets angrily denouncing and hooting every European they met.

The Ground Is Alive.

We are so used to thinking of the soil as mere mineral matter that it comes quite as a shock to find this is a mistake. As a matter of fact, the layer of soft mold which clothes the ground in all cultivable districts and from which vegetation springs is actually in great part a living layer of tiny plants and animals. Interlacing threads of molds and fungi, worms and grubs, creeping insects, tiny root parasites, decaying leaves and the millions of bacteria which spring from them—all these are mixed and mingled together for many inches down below our feet in a confused mass of life. Germs of all sorts swarm in countless millions. Indeed, all the plants that grow and life that exists on the face of the earth owe their being to the fact that the ground is alive. You take a shovelful of the finest soil in the world and sterilize it—that is, beat it till all the life in it is destroyed—and then plant seeds in it. No amount of care or watering will make those seeds grow. Their life depends on the life in the soil around them.—London Answers.

Elephant Life In the Jungles.

Without elephants jungles would be virtually impassable. The great beasts are a mixture of strength and weakness, of craft and simplicity. The paths through the jungle from village to village are merely tracks from which the interlacing foliage has been cut and thrust aside and the virgin soil trodden into a black mud. After a rain this mud is many feet deep, and no living creature except an elephant, a buffalo or a rhinoceros could labor through it. The elephant makes his way by lifting one foot at a time and inserting it deep into the slough in front, withdrawing another with a sound like the popping of a huge cork. Nothing but a ride on an earthquake could be compared with the sensation of being run away with by an elephant. As for stopping him, some one has well said that you might as well try to stop a runaway locomotive by pulling with your walking stick on the funnel as seek to check an elephant at such a moment with a goad.

When Stevenson Was Poor.

Robert Louis Stevenson was in poor circumstances in San Francisco before he made his hit with the world. During the time that he used to loaf, penniless, upon the lawn where afterward they put up a bronze and marble statue to him, he picked up a few quarters acting as super in the old California theater, in Bush street.

Hint Not Taken.

"From the grammatical standpoint," said the fair maid with the lofty forehead, "which do you consider correct, 'I had rather go home' or 'I would rather go home?'"

"Neither," promptly responded the young man. "I'd much rather stay here."

The Questions They Ask.

The capacity of the average small boy for asking questions is practically unlimited, but it is doubtful whether more searching inquiries have ever been made by a boy than those propounded by a youngster to his father, who had taken him for a steamer trip. Here is a partial list:

"Is that water down there any wetter than the water in the Atlantic ocean?"

"What makes the water wet?"

"How many men could be drowned in water as deep as that?"

"Is that big man with the gold buttons on his coat the father of all those men who do whatever he tells them to?"

"Where do all those soapsuds behind the boat come from?"

"Could a train go as fast on the water as this boat?"—Chums.

An Artist's Slip.

Sir John Gilbert was once commissioned to illustrate a short story for a London weekly. When he had finished the work, the editor remarked, "Why, Mr. Gilbert, the story says an escort of infantry soldiers, and here on the block you have given us mounted ones." "Dear me, so I have," responded the artist, "but I haven't time to do another drawing now. Can't you make an alteration in the story to make it fit in?" The copy was handed to a subordinate to make the requisite alterations, but that gentleman forgot to edit the chapter describing how the soldiers had gained the summit of a steep mountain, parts of which they were obliged to scale with ladders. Horses could not have been got there unless by the assistance of a crane. Afterward shoals of letters from subscribers wished to know how the cavalry got there.

Striking Originality.

"Your husband is not looking well tonight, Mrs. Rhymer."

"He isn't, and I'm not surprised at it."

"No? Has he been overworking himself?"

"It isn't that so much. It's his originality. Why, that man is struck by so many original ideas that his mind must be one mass of bruises."

SPECIAL OCCASION.

Southern Baptist Convention and Auxiliary Societies, Richmond, Va., May 16-21, 1907.

On account of the above occasion we announce round-trip rate of one fare, plus twenty-five cents in the sale of tickets to Richmond, Va., tickets at this rate being on sale from May 13th until 16th inclusive, with final limit to leave Richmond fifteen days from date of sale. However, by complying with certain conditions and upon payment of fee of $1,00, an extension of this limit to June 17th may be procured.

The Seaboard has been declared the Official Route for delegates to this meeting. Those having the matter in hand were evidently guided in reaching the decision to name the line by some of the attractive features of the service, noticeable among these being the double daily service with through coaches and sleeping cars and then the following: Our people, with an idea of affording delegates to this and other conventions held in Richmond, an opportunity for visiting the Jamestown Exposition, perfected an arrangement whereby the return portion of tickets reading from Richmond are honored from Portsmouth, Virginia, without additional charge. This alone certainly makes the Seaboard especially attractive.

There is a movement now on foot to have the Florida Baptists assemble in Jacksonville, moving from there on the same train—one might say in a body. This, too, will make the trip more pleasant.

NEWS OF CITY AND COUNTY CONDENSED

David Edelstein, formerly of this city but now making his headquarters in New York, is spending Sunday here with his brother, Moses Edelstein. Dave holds a responsible traveling position out of New York, and Florida is included in his territory.

I will buy from you or sell for you, at private sale or auction, any household or kitchen furniture, or anything else you wish disposed of. During my 30 years' experience in this business I've never had one complaint of not having given satisfaction. P. M. Oliver.

Judge Syd L. Carter and son, S. L. Jr., have arrived in the city from Tallahassee, where the former is ably representing Alachua county in the lower House. Judge Carter's friends will regret to learn that he has not enjoyed the best of health since the Legislature convened, but despite this he has stuck closely to his post of duty, which fact is noticeable from the daily reports from the Capitol.

The workmen are busily engaged on the barn of E. Baird, which will be one of the finest in the city when completed. It will be remembered that Mr. Baird had the misfortune a few weeks ago to lose his barn by fire. He proposes to replace the old one, which was good, with something absolutely modern in that line, being two stories, with grain elevator, and everything up to date. The barn will be completed in a few days.

As will be seen by a half-page advertisement in this paper, The G. W. Hide Company will hold a grand three-day "white sale" at their store beginning Tuesday morning, and ending Thursday night of the coming week, at which thousands of yards of white goods of the finest quality will be placed on the market at greatly reduced prices. Remember the dates, and if in need of anything in white goods do not fail to call and fulfill your wants, for another opportunity will not be offered this summer to secure these goods at such ridiculous low prices.

Mystery Surrounds Man's Death.

Atlanta, May 4.—Shortly after 3 o'clock Thursday afternoon William C. Glasier, an employe of a springbed manufactory, was seen to enter through an open front window a two-story vacant house at 62 Houston street. Two minutes later he was heard screaming in agony. When passersby ran to his help, they found him stretched at the foot of the stairway, face downward and dead. Why Glasier entered the empty house and whether suicide or heart failure ended his life, are riddles which the police have not yet been able to answer.

A DELIGHTFUL FUNCTION.

Mr. and Mrs. George Granger Celebrated Twentieth Anniversary.

Waldo, May 4.—On Wednesday evening Mr. and Mrs. Geo. Granger celebrated their twentieth anniversary. Their pretty home was decorated in white and green, roses and ferns being used in profusion.

The guests were invited between the hours of eight and eleven. The hostess was assisted by a number of her young girl friends. Elizabeth Kennard and Marcia Strickland received the guests in their pretty childish way. Little Clara McLenna and Thelma Hogan, in their winning manner, saw that all registered. The Misses Jenks, Bell, Entenza and Redd served punch in a nook formed by roses and ferns.

A course luncheon was served. The Misses Isla Seigler, Florice Trowbridge, Claud Ambrose, Pearl Cone, Ruby Sparkman, Dorean Ellis and Mrs. Blakely saw that all were bountifully helped.

Throughout the evening beautiful music was rendered under the masterly touch of Mr. Packham. Vocal music by Mesdames Doane, Lang, Porter and Strickland, added much to the evening's entertainment.

The popularity of the host and hostess was shown by the number of handsome presents they received.

The out-of-town guests were Mr. and Mrs. McClure of Tampa, parents of the hostess; Mr. and Mrs. Geo. P. Morris, Mrs. Reed, Dr. and Mrs. Colson and Miss Dorean Ellis of Gainesville; Miss Jenks of Jacksonville.

POSSE'S FATAL MISTAKE.

Officers After Desperado Kill Austrian Count Instead.

San Francisco, May 4.—The Examiner says:

The supposed desperado who was killed at Willows Monday night after a running fight with a posse of officers, has been identified as Count Otto von Waldstein, of Austria, scion of a noble family of history, nephew to the cardinal, and to Prince Wartemburg, one of the richest men in Franz Joseph's empire.

The identification was made at Willows Thursday by Mrs. Mary Fitzzgerald, of this city, who knew him well, after the body of the nobleman had been exhumed from the potters' field. The identification was so complete that there can be no possibility of mistake.

Count Otto died fighting, believing he was being attacked by a band of robbers. The posse thought it had run down Smith, the murderer of John Marcovich, of Oakland.

Count Otto von Walderstein left Austria and family six years ago because of a love affair. He fought through the Boer war. He wandered to America, a poor young man without profession, to work with his hands for an existence. He followed the reclamation service through the west. He quit a job in Placer county the day before his death and was walking toward San Francisco.

Chevalier Karl von Ruizz, secretary to the Austrian consul, will take charge of the body.

American Suicides in Paris.

Paris, May 4.—Charles G. Steadman, of New York and Philadelphia, son of the late General James Steadman, committed suicide by shooting Thursday night at the Hotel de L'Oriente here. Mr. Steadman and his wife, who is a daughter of a former governor of Rhode Island, reached Paris April 30, from Italy, accompanied by a child. They had been touring in an automobile. On his arrival here Mr. Steadman had become despondent.

Thought To Have Been Murder.

Columbia, S. C., May 4.—Thomas Wescott, who conducts a business in Waverly, a suburb of this city, was found dead near his place of business early Thursday morning with a bullet hole in the left side of his head. A revolver with two empty chambers was found near his body. Suicide is suggested by some, but the general impression is that he was murdered, with robbery as the motive.

Webb Pressmen Resume Work.

St. Louis, May 4.—The striking webb pressmen after an all-night session decided Friday to return to work. The Republic and the Globe-Democrat came out with their city editions on time. The employes returned to work after agreeing to set the matter under the terms of the arbitrational agreement. Two afternoon papers were also affected by the strike.

THE KING OF BLOOD PURIFIERS

For more than forty years S. S. S. has worn the crown of public approval and has been recognized as the King of Blood Purifiers. It has demonstrated its ability to CURE in thousands upon thousands of cases of blood and skin diseases until it is regarded today as the most reliable and safest of all blood medicines.

Pure blood means strong, vigorous bodies, well nourished systems, steady nerves, and all the machinery of life working in harmony with nature—thus insuring perfect health. Impure or diseased blood means the opposite of all this; any impurity, humor or poison in this vital fluid acts injuriously on the system and affects the general health. Pustular eruptions, pimples, rashes and the various skin affections show that the blood is in a feverish and diseased condition, as the result of too much acid or the presence of some irritating humor. Chronic Sores and Ulcers are the result of morbid, unhealthy matter in the blood, while Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that continue to grow worse as long as the poisons which produce them remain in the blood.

All blood troubles are not acquired. Through the blood disease germs are transmitted from one generation to another. Parents hand down a tainted circulation to their children, and we see its effects manifested in various ways. The skin has a waxy, pallid appearance, the eyes are often weak, glands of the neck enlarged, and, as the taint has been in the blood since birth, the entire health is usually affected, and the system weakened from want of nourishing, health-giving blood.

THOROUGHLY TESTED IN HER FAMILY.

S. S. S. has been used extensively in our family, given to both young and old, and always with the best results. It thoroughly cleanses the blood of all impurities, at the same time it builds up the general health, gives appetite, strength and energy. We have given it to our children, as intimated, and found it to be noninjurious to the system and always capable of purifying the blood and restoring health. I unhesitatingly recommend it to all in need of a blood medicine. It is superior to everything else as a cure for blood diseases.

MRS. CLARA DAUBERT.
Schuylkill Haven, Pa.

In all blood troubles S. S. S. has proven itself *"The King of Blood Purifiers."* It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this life-stream pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of the taint, purifies and strengthens the weak, deteriorated blood, supplies it with the healthful properties it needs and establishes the foundation for good health. As a tonic S. S. S. has no equal, and it will be found especially bracing to weak, anaemic persons.

One of the greatest points in favor of S. S. S. is that it is purely vegetable, made from nature's healing, cleansing, health-producing roots, herbs and barks. It is the one medicine that may be taken with absolute safety by the youngest child or the oldest member of the family. Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison, and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years, or to be transmitted to offspring. If your blood is out of order begin the use of S. S. S., The King of Blood Purifiers, and restore this vital fluid to its normal healthy condition, and enjoy the blessing of good health. Book on the blood and any special medical advice desired will be furnished free of charge to all who write.
